In accordance with Section 2279 of the California Food and Agriculture Code, I hereby submit the Placer County Annual Crop Report for 1986.

The turkey industry was the leading industry in the County followed by cattle and rice.

This report reflects the gross value of the agricultural production in the County and does not reflect a net return to growers. Gross agricultural production in 1986 was \$50,335,000 with the timber industry bringing in an additional \$6,511,000 for a total value of \$56,846,000.

I would like to take this opportunity to express my thanks to the many members of the agricultural community who contributed the information which made this report possible.

Sincerely,

JOHN H. WILSON
Agricultural Commissioner
