I. STATEMENT OF PURPOSE

The volunteer program is a means of helping offenders in the Placer County Juvenile Institutions, as well as adult and juveniles on probation. The program adds a new dimension to the institutions and to the Probation Department such as arts, games, stories, nature studies, language, hobbies, teaching, companionship, and recreation.

The volunteer program provides companionship and guidance for juveniles. Many people in the community possess talents and life experiences which would be of great benefit to juvenile offenders. The volunteer program is two-fold -- the Probation Department can provide services and support that it would not normally be able to provide, and the volunteers feel they are providing a valuable community service.

The volunteer program plays a crucial role in providing juvenile offenders with a positive self image that enhances their productivity during their institutional stay. More importantly, the volunteers provide the minors with a positive role model, a surrogate family member, and a positive relationship with an adult.

Volunteers in probation may perform clerical tasks and help expedite cases through the juvenile and adult court system. They may also act as assistants to probation officers, helping to manage ever increasing caseloads.

Student Interns (volunteers who are receiving college credits) will be provided with an orientation and overview of the Probation Department and will be given the opportunity to select the unit most suited to their sphere of interest. The intern will work closely with the adult and/or juvenile probationers, institutionalized juveniles, and adults and juveniles on work programs, as well as diversion clients. Interns will work under the close supervision of Probation Department staff.

II. POLICIES AND PROCEDURES

Policies and procedures set forth herein shall apply to all volunteers. It is the declared intention of the Probation Department that all volunteers should be fully informed concerning the volunteer policies and procedures. It is the intention of the Probation Department to provide equal opportunity to all qualified persons without regard to race, sex creed, national origin, or handicap and to prohibit discrimination in any manner.

Volunteers serving in the Probation Department and it's units will be recruited from the community and serve in a voluntary capacity. Volunteers will not displace or replace regularly employed staff.
