PLACER VINEYARDS SP PROPERTY 1B AMENDMENT

PLN20-00118

Lead: Kally Keding-Cecil

Status: The Environmental Review Committee (ERC) completed its review of the application on and has determined that additional information is required before an environmental determination can be made. Additional information has been requested from the applicant. No change since last update.

Project Description: The proposed project is a Specific Plan Amendment on Property 1B, a 56+/- acre property within the Placer Vineyards Specific Plan Area. The proposed Specific Plan will A) modify the alignment of Town Center Avenue, and B) modify the land use designations from the approved 2015 Placer Vineyards Specific Plan. A Development Agreement amendment will be included in order to update the land use exhibit. Please see the enclosed Project Narrative for additional information.

SABRE CITY PARK ESTATES

PLN19-00392

Lead: Christopher Schmidt

Status: The Board of Supervisors adopted the Mitigated Negative Declaration and approved the project on 09/22/20.

Project Description: The project proposes a Rezoning, Vesting Tentative Subdivision Map, and setback Variance in order to allow construction of twenty-four single-family residences on 3.78 acres of land located on Vandenberg Circle in West Placer. The vacant site is located within the Dry Creek West Placer Community Plan area and was an unused portion of the Sabre City Park, deemed surplus by the Placer County Board of Supervisors.

On May 28, 2019, the Placer County Board of Supervisors approved a purchase and sale agreement with Infinity Homes, Inc., the project applicant, to purchase the project site, a 3.78 ± acre portion of a 5-acre parcel (APN: 023-301-004-000) located at 105 Vandenberg Circle. The parcel split was recorded in December 2019 that created the project site and the Sabre City Park on 1.22 acres.

The site is designated High Density Residential, 4 to 10 dwelling units per acre in the Dry Creek West Placer Community Plan and is zoned RM-DL8-Dc (Residential Multi-Family, Density Limitation of 8 units/acre, combining Design Scenic Corridor) and O (Open Space). The project requires a Rezoning of the project site to RM-DL10-Dc.

A Vesting Tentative Subdivision Map will split the 3.78-acre parcel into 24 single-family residential lots. Detached, modular single-family residences (avg. size of 1,200 sq.ft.) would be constructed within individual lots ranging in size from 5,172 to 10,086 square feet. Access to the site will be from Vandenberg Circle and Colin Kelly Drive, existing roadways within the Sabre City subdivision. Driveway parking will be provided for two vehicles on each lot with garages optional.

Pursuant to California Government Code Section 54222.5, the project is subject to a deed restriction requiring that at least 25 percent of residential units be made available at an affordable cost to lower income households.

A Variance has been requested to reduce the required side yard setbacks on the proposed lots from the required five feet to three feet.

Sidewalks are proposed along the lot frontages, connecting to existing sidewalks to the west and the sidewalk in front of the park site. Site development will be undertaken in one phase and will involve partial clearing and grading of the site, trenching and digging for underground utilities, and ultimately the construction of driveways, residential structures, and landscaping. Several portions of sewer lines will be upgraded.

OLSEN MINOR LAND DIVISION

PLN18-00217

Lead: Kelly Boyle

Status: The Environmental Review Committee (ERC) has determined that sufficient information has been provided in order to make an Environmental Determination and therefore, has Deemed the Application Complete. An Initial Study Checklist is being prepared. No change since last update.

Project Description: Project Description:
Description: The project proposes a Minor Land Division to subdivide a 12.07-acre parcel (021-250-290-000) into two parcels consisting of 6.02 acres (Parcel 1) and 6.05 acres (Parcel 2) (see Figure 1). Proposed Parcel 2 is developed with an existing 1,200 square-foot modular home that would remain following recordation of the parcel map. The home is served by an existing septic system that was tested and inspected for proper function as part of this project. A new potable water well was also constructed to serve the existing residence. A second well was constructed for proposed Parcel 1, and perc testing for future onsite sewage disposal for that parcel has been completed.

Prior to recordation of the parcel map new roadway improvements would be constructed. Those improvements consist of minor widening to Hungry Hollow Road to construct a right turn deceleration taper to Fox Lane and minor widening to Fox Lane to achieve compliance with Placer County's Minor Land Division Plate 100 roadway section, which requires a 20-foot improved roadway width with 2-foot gravel shoulders on both sides. Following construction of roadway improvements and recordation of the parcel map, the existing driveway to future Parcel 2 would be abandoned and access to both parcels would be from Fox Lane.

VEHICLE INSPECTION CENTER

PLN20-00053

Lead: Kally Keding-Cecil

Status: 3rd-Party appeal denied by Planning Commission upholding the Zoning Administrator's approval of the project and adoption of the Mitigated Negative Declaration. 3rd-party appeal received. The Board of Supervisors will consider the appeal at an upcoming meeting.

Project Description: APPEAL RECEIVED 7/27/20

This project is for the construction and operation of a 190,000 sf. vehicle storage and inspection center. In addition to the storage and inspection center, the project would include construction and operation of ancillary structures such as fueling islands and wash facilities, parking lots for cars and trucks, stormwater facilities and water quality basins, and landscaped areas. Project entitlements include a Minor Use Permit and Design Review.

ROBINSON NEWCASTLE PIT CUP AMENDMENT AND 2020 RENEWAL

PLN20-00016

Lead:	Patrick Dobbs
Status:	The Environmental Review Committee (ERC) completed its review of the application and has determined that additional information is required before an environmental determination can be made. Additional information has been requested from the applicant. No change since last update.
Project Description:	The Project consists of the expansion of mining operations into the eastern portion of the project property to include 4.2 acres of additional land. Modifications to the mine site would include tree and vegetation removal and grading activities associated with mining practices. The project property has been used as a mining operation since 1976. The site has operated under a series of Conditional Use Permits (CUPs) since 1977. Currently, the mine is operating under a CUP most recently extended in 2010 which expires in January 2020. The Reclamation Plan was updated at the time of the CUP extension in 2010. To date, the mining operations have removed 1,126,000 yards of material.

GRANITE BAY MEDICAL OFFICE COMPLEX

PLN14-00152

Lead:	Kally Keding-Cecil
Status:	On hold per Applicant. No change since last update.
Project Description:	The Granite Bay Medical Office Complex project includes the construction of two medical office buildings (7,955 SF each), associated parking, and circulation areas on two separate parcels (APN 048-081-056 and 057) that comprise approximately 2.13 acres total. The project site is located on the northwest corner of the intersection of Douglas Boulevard and Berg Street. Currently zoned RS-B-20, this application includes a request to ReZone to Office/Professional (OP) and a General Plan Amendment by the Placer County Board of Supervisors and the Placer County Planning Commission. Within OP Zoning, this type of proposed use requires a Zoning Clearance, also to be part of this application. This application also includes a Minor Boundary Line Adjustment so that each building will be on a separate lot.

SEHR WINERY

PLN18-00469

Lead: Nikki Streegan

Status: At its 09/01/20 meeting, the Board of Supervisors denied the 3rd-Party appeal and upheld adoption of the Mitigated Negative Declaration and project approval.

Project Description: The project proposes an Administrative Review Permit to operate a small winery that would produce up to 20,000 cases of wine annually and host six promotional events annually. The proposed project consists of construction of an approximately 11,200 square-foot facility inclusive of a 4,300 square-foot production area for processing grapes, a 4,600 square-foot tasting room, and a 2,300 square-foot wine cave. In addition to the winery, the project proposes to produce a small amount of olive oil from trees grown on the property. The project also proposes construction of approximately 6,200 square-feet of patio and covered porch. Additional site improvements include parking and circulation areas, landscaping, hardscaping, and an onsite sewage disposal area. The winery and associated improvements would be located within an approximately 11-acre area in the south-central portion of the 80-acre site.

PLUMPJACK SQUAW VALLEY INN CONDITIONAL USE PERMIT MODIFICATION

PLN18-00205

Lead:	Steve Buelna
Status:	Project on hold. No change since last update.
Project Description:	proposing to modify the PlumpJack Squaw Valley Inn Project to reprogram the hotel portion of the project. Rather than the approved 60-room hotel, the reprogramming would include up to 64 for-sale condos containing up to 21 lock-off rooms, which would allow an owner to lock-off a portion of the condo to rent out to guests while still occupying the other portion of the condo. The condominium/hotel building would retain most of the ground floor commercial uses. The exterior design of the hotel building would remain largely unchanged but would include adding more exterior deck/patio spaces. The two previously proposed residential condominium buildings along Squaw Peak Road would not be modified. Whereas the previously approved project would have included 60 hotel rooms and 34 residences, the modified project would include up to 64 residences including up to 21 lock-off rooms.

NORTH SHORE GAS STATION MODIFICATION

PLN18-00100

Lead: Stacy Wydra

Status: Application deemed complete on 6/3/19. Addendum to a previously-certified Mitigated Negative Declaration is being prepared. No change since last update.

Project Description: 2018 Submittal / Project Description: MODIFYING BUILDING PROPOSAL BY ADDING TWO DWELLING UNITS ON TOP OF COMMERCIAL GAS STATION. SECOND STORY LEVEL WAS TO BE COFFEE SHOP ORIGINALLY INSTEAD OF RESIDENTIAL.

2020 Submittal / Project Description:

The current owner of the property wishes to add a residential component to the approved project in lieu of the second floor commercial as currently permitted. Specifics include: Addition of two residential units on top of the convenience store. (Removal of the second floor office and retail). Overall height to be increased to three stories. The total height will be approximately 43 feet 1/1 inches tall where 56 feet is allowed in the MU-MTC Town Center Plan in Kings Beach, Ca. The building to consist of an 1,828 sf first floor convenience market and second and third floor residential component.

The Residential Units to consist of:

One 2 bedroom 2 bath residential unit on the second floor;(approx.1,574 sf) with 264 sf of deck and a 144 sf balcony.

One 1 bedroom 2 bath residential unit on the third floor; (approx. 1,454 sf) with 388 sf of balconies.

New design for a three-story building.

BELLA TUSCANY MLD - PARCEL 2

PLN19-00272

Lead: Nick Trifiro

Status: The Environmental Review Committee (ERC) has determined that sufficient information has been provided in order to make an Environmental Determination and therefore, has Deemed the Application Complete. An Initial Study Checklist is being prepared. No change since last update.

Project Description: The project proposes to subdivide a 13.9-acre parcel (Parcel 2 of the Bella Tuscany subdivision, filed in BK 35 of parcel maps PG 149) into three parcels consisting of 5.4 acres (Parcel A), 3.0 acres (Parcel B), and 4.0 acres (Parcel C). The property is located on Dolce Vita Place, which is off of Black Oak Road in the Auburn area. Access for each parcel would be provided from Dolce Vita Place, a paved 24-foot wide private road. La Dolce Vita Place includes an unpaved gravel road extending further to the east to provide maintenance access to an off-site water storage tank owned by Placer County Water Agency (PCWA). Each lot would have individual onsite septic disposal systems and would connect to Placer County Water Agency (PCWA) for domestic water service.

AUBURN RV RESORT CAMPGROUND MUP
PLN20-00041

Lead:	Amy Rossig
Status:	The Environmental Review Committee (ERC) has determined that sufficient information has been provided in order to make an Environmental Determination and therefore, has Deemed the Application Complete. An Initial Study Checklist is being prepared. No change since last update.
Project Description:	This project is a new phase to the existing Auburn RV Resort located at 14400 Musso Road in Auburn. The property is zoned Open Space. "Campground" is shown as an allowable land use requiring a Minor Use Permit. No zoning change nor zoning transfer is proposed for this project. The maximum number of sites per current zoning would be 40 sites based upon 5 acres . However, the project is only proposed for 20 sites that will have electricity, water and wifi. No sewer hookups will be allowed at the individual sites due to zoning requirements. A sewer dump station will be built at the entry/exit to the new phase to accommodate the 20 new sites and new building. The dump station grey and black water will be located within the project in accordance to the preliminary septic design just completed and will be very similar to the systems now being used in the current RV project. A 750 square foot laundry/restroom/recreational building will be constructed at the entrance of the new phase, near the new dump station. Treated water will be supplied by PCWA. Water storage tanks are proposed for domestic and fire suppression as is now being utilized for the current RV operation. An additional emergency exit is proposed to tie into the existing paved road coming into Dingus McGees restaurant. The new phase will utilize the existing main entry and exit of the current RV operation. The new phase will be owned and operated by the same entities.

FULFER MINOR LAND DIVISION

PLN19-00045

Lead: Amy Rossig

Status: The Environmental Review Committee (ERC) has determined that sufficient information has been provided in order to make an Environmental Determination and therefore, has Deemed the Application Complete. An Initial Study Checklist is being prepared.

Project Description: The proposed project is a Minor Land Division to subdivide a 7.93 acre parcel into two parcels consisting of 2.4 acres (Parcel 1) and 5.53 acres (Parcel 2). County Assessor Records indicate the current parcel size is 6.68 acres. The final size of Parcel 2 would be determined during the Parcel Map process and each parcel would meet the minimum parcel size required by the Zoning Ordinance. Access is provided by an existing driveway which connects to Sundance Place. The project would be required to improve 120 feet of Sundance Place, measured from the intersection of Sundance Place and Applegate Road towards the project site. The road improvements would include constructing paving the road to be 20 feet in width with two feet of AB shoulders on each side. Parcel 2 has an existing, approved sewage disposal system. Soil testing has been completed and an approved septic system location has been identified for Parcel 1.

Applicant: Fulfer Richard S & Kelly

Supervisor District: District 5

Community Plan: Weimar/Applegate/Clipper Gap CP

MAC Area: Weimar/Applegate/Colfax Municipal Advisory Council

PLACER COUNTY CONSERVATION PLAN (PCCP)

PEIR 20050226

Lead: Gregg McKenzie

Status: The Board of Supervisors certified the EIR and approved the project at its 09/01/20 meeting.

Project Description: The Placer County Conservation Plan (PCCP) is intended to be a wide-ranging program that will meet the requirements of various State and Federal regulatory programs. The permit will span a 50-year time frame, with implementation and land protection measures managed in perpetuity. The intent of the permit is to cover direct and indirect impacts to natural resources resulting from urban growth and infrastructure expansion.

TRUCKEE RIVER CORRIDOR ACCESS PLAN

PCPJ 20130206

Lead: Public Works

Status: Environmental Impact Report (EIR) required. Notice of Preparation (NOP) of an Environmental Impact Report (EIR) being prepared. Release of NOP for public review and comment forthcoming. No change since last update.

Project Description: The proposed Truckee River Access Plan will provide a continuous and coordinated system of preserved lands and habitat, with a connecting corridor of walking, in-line skating, equestrian, bicycle trails, and angling and boating access from Lake Tahoe to the Martis Valley. The project area, consisting of the Truckee River and its major tributaries, including Martis Creek, is located within the Truckee River watershed in eastern Placer and Nevada counties.

The Access Plan will respect the natural waterways and protect the wide variety of ecological and cultural resources found throughout the Truckee River floodplain, provide compatible recreational opportunities that do not damage sensitive areas, and provide a continuous and coordinated system of preserved lands and enhanced access with a connecting corridor of trails.
