Section 1. Section 17.04.030 of Chapter 17 of the Placer County Code is hereby amended as follows:

17.04.030 Definitions of land uses, specialized terms and phrases

"Houses of Worship" (land use) means religious organization facilities operated for worship or promotion of religious activities, including churches, synagogues, temples, etc. and also includes religious accessory uses on the same site, including, but not limited to living quarters for staff, **emergency shelters to provide humanitarian assistance**, and child day care facilities where authorized by the same type of land use permit required for the house of worship itself. Other establishments maintained by religious organizations, such as full-time educational institutions, hospitals and other potentially related operations (such as a recreational camp) are classified according to their respective activities.

"Emergency Shelter" means a facility or use, which provides temporary housing (six months or less) for homeless individuals or families and may involve supplemental services. Supplemental services may include, but are not limited to, meal preparation, an activities center, day care for homeless person's children, vocational rehabilitation and other similar activities. This definition does not include such emergency shelters as may be provided for relief following a natural disaster or during a state of emergency or those provided at a House of Worship less than five days in any 30 day period (See Section 17.56.295)

"Supportive Housing" means a facility or use that provides housing with no limit on length of stay, that is occupied by the target population, as defined by Section 53260(d) of the California Health and Safety Code, and that is linked to onsite or offsite services that assist the tenant to retain the housing, improve his or her health status, maximize their ability to live and, when possible, to work in the community. Supportive housing shall be considered a residential use and only subject to those restrictions that apply to other residential uses of the same type in the same zone.

"Transitional Housing" means a facility or use that provides housing accommodations and support services for persons and families, but restricts occupancy to no more that 24 months. Support services may include meals, counseling, and other services, as well as common areas for residents of the facility. Transitional housing shall be considered a residential use and only subject to those restrictions that apply to other residential uses of the same type in the same zone.

~~“Residential care homes” (land use) means a facilities providing residential social and personal care for children, the elderly, and people with some limits on their ability to self care, but where medical care is not a major element. Includes: children’s homes; halfway houses; orphanages; rehabilitation center; self-help group homes. (SIC: Group 836)~~

“Residential care homes” means any family home, group care facility, or similar facility as determined by the Director, providing for twenty-four-hour non-medical care of persons in need of personal services, supervision or assistance essential for sustaining the activities of daily living or for the protection of the individual. A residential care home serving six or fewer persons shall be considered a single family dwelling for all zoning purposes.
